FAST Schedule for Grades Kgn-5 Dec. 10th - Jan 18th

Proctors: All grade level classroom teachers,

A set of proctor directions will be placed in everyone's box along with a hard copy of the schedule**. The role of the classroom teacher is to remain with their class, assist the person in charge of the lab and provide support as needed. We want to establish a climate where students are using their test taking strategies to do their best.**

We will be using three labs for **FAST** testing. Classroom teachers will bring their students to the assigned lab with a book to read. We are trying to accomplish two things; **1.** Set the tone and expectation for academic success and **2.**minimize interruption to classroom instruction. We are asking all teachers to accompany their class and stay with their students during the testing session. (The session will last approximately 1 hour even though we have set aside 90 minutes for testing.) **If you have any questions regarding the schedule, please let us know in advance so that we are able to make the necessary changes in a timely manner.**

Mon, Dec. 10				Tues. Dec. 11			Wed., Dec. 12			Thurs., Dec. 13			Fri., Dec. 14
