

Jenny Lind E-Learning Plan 2021-2022 School Year

We value every one of our students and strive to ensure each student continues learning while our school building is closed.

The decision to move to Distance Learning will be made no later than 5:30 AM on the day of inclement weather. Families will be notified via all major news media, the MPS homepage, MPS social media, robocalls and texts.

Student attendance will be a responsibility shared by staff, students, and families. During E-Learning days, schools are still required to record student attendance daily per MPS Policy 5100. Families who need to report a student/child illness or any other reason their student cannot participate in E-Learning should call the school to report the absence.

Please be prepared to leave the following information on voicemail:

- Student Name
- Grade
- Reason for Absence
- Date(s) of Absence
- Phone Number and Name of Person Calling

E-Learning Schedule

- Live (synchronous) Morning Meeting from 8:00-8:30 for all classes
- Teachers will be available to respond to student needs from 8:30-9:30 and 12:30-1:30
- Between 9:30 and 12:30, students will have asynchronous interactive SEL and academic choice-learning opportunities via choice boards
- There will be Literacy and Math on-line tools for students: LexiaCore5 and Dreambox
- E-Learning Day activities are for enrichment, review, and/or extension of in-person learning

For a list of food resources when our school buildings are closed, visit the [City of Minneapolis website](#).
